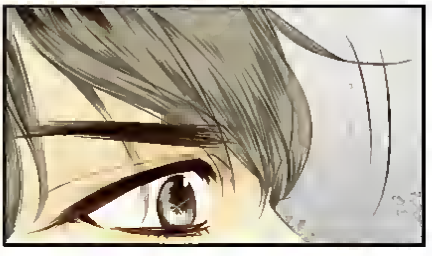
The manager of that hairshop moved away to Atelier months ago

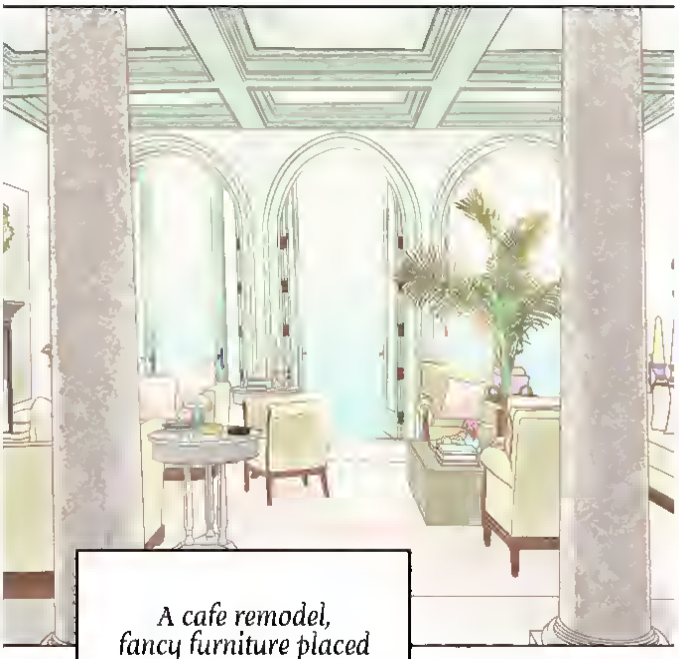


That that woman..
The manager's daughter?!

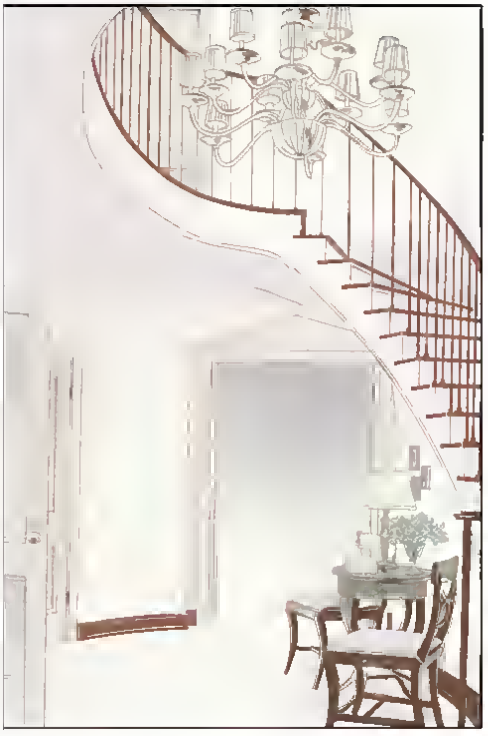
Salon H

12

An upscale, luxurious hair salon at the center of Chungdamdong!



A cafe remodel, fancy furniture placed in client dressing rooms



Second floor consists of a makeup department and a massage parlour that connects the lower level with mansion-like stairs.

Using the latest styling tools, the staff and the designers exchange and take products, giving off a busy atmosphere

The theme isnt divided. There is plenty of space and service like a hotel

That's right when I first heard that teacher's business card had Chungdamdong associated with it, what I expected

Was exactly this!

Not that hole in the wall shop A place that smelled like Chanel No 5 A refined place like this is what I expected.

To be honest there were hardly any clients, which is a shame

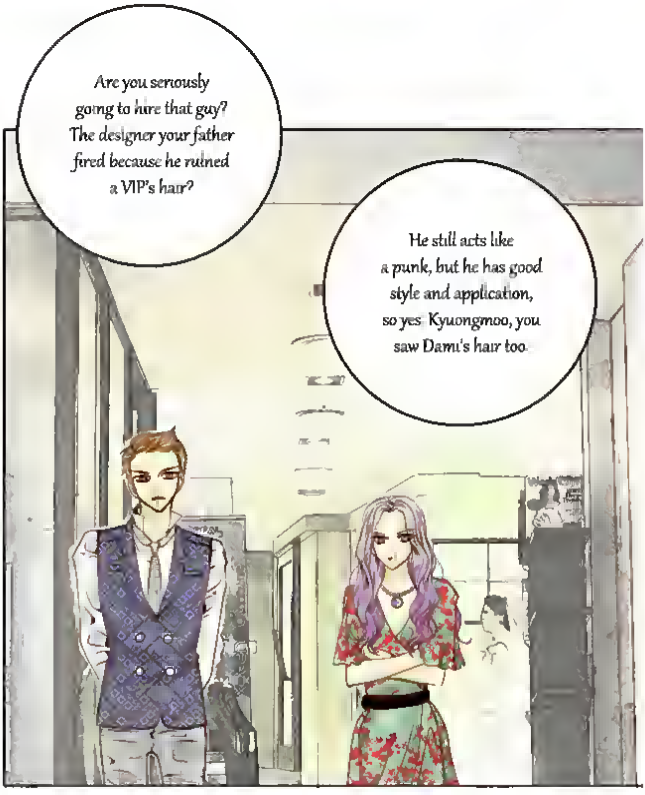
If I worked here for many years and became a star designer...

I didn't have any money so my wishlist was full of scissors I couldn't buy
WISH LIST
CART
Like China's scissor master I will be scissor master of the world. People would collect my scissors!

Is he dating a model this time?
Ah... how annoying
Secretary Kim, purchase a building to store my scissors, don't argue about the price
Ahahaha! Money, money, spend, spend... and it never goes down!
And I could have all of that in the end.

I've been waiting for this day for so long ..
Those scissors, how much are they?
I'll pay your debts, so you can hand them over to me.
Aong~ Don't stand so close, you're making me uncomfortable..

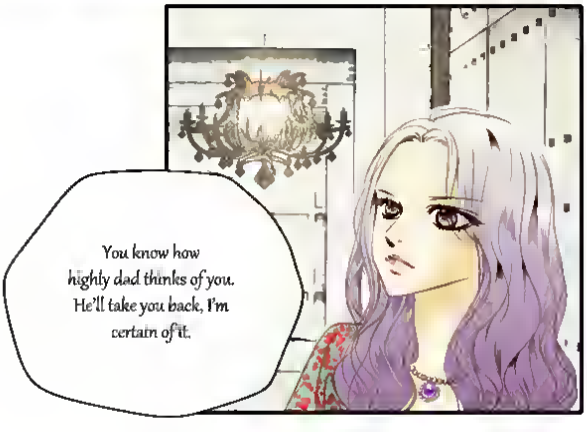
Hmm...
후후후후...
Plus I'll get to work with a beauty like her



Are you seriously going to hire that guy? The designer your father fired because he ruined a VIP's hair?
He still acts like a punk, but he has good style and application, so yes. Kyuongmoo, you saw Dami's hair too.

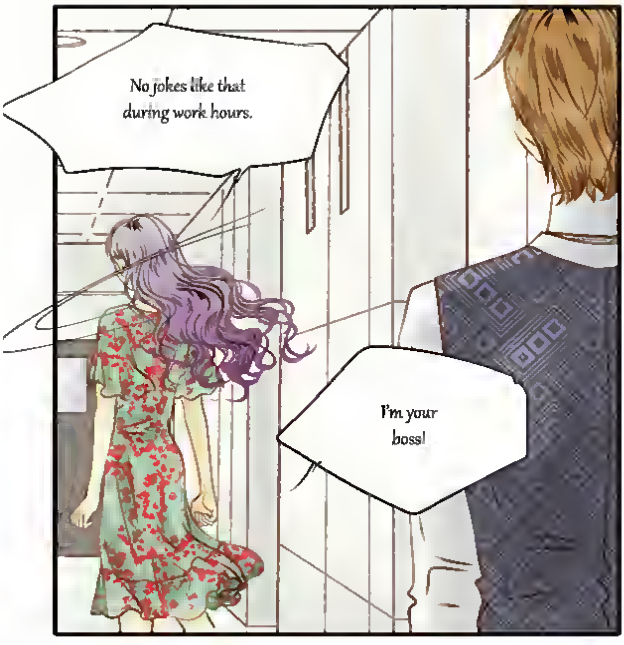
And this is not because you're curious who Designer Domoon picked?
What are you saying? Do I look like that kind of person to you?
Maybe You send me to your father while you work with that punk. That's my understanding
It's only for a while You can learn some of dad's styles and win over clients
Hmm... but...
Will teacher take me back?

I rejected his offer to
go with him when I left and
chose you instead.



You know how
highly dad thinks of you.
He'll take you back, I'm
certain of it.

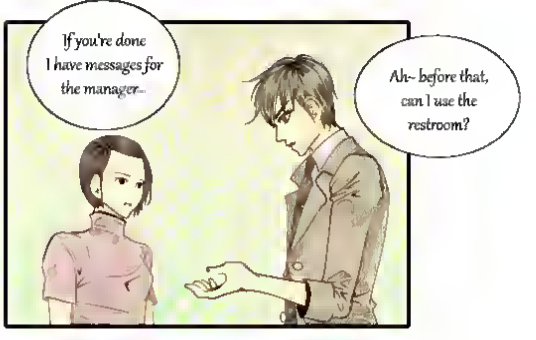
Then what about you?
You're going to miss me while I'm there. How are you going to hold that back?



No jokes like that during work hours.
I'm your boss!

Boss ?
When will that title become meaning-less, I wonder?

This side is the massage parlour. It's empty at the moment, do you want to see inside?
No, I'm fine. This place has everthing, even its own massage parlour Must be good, haha.



If you're done I have messages for the manager.
Ah~ before that, can I use the restroom?

Of course, just over that way
I'll be heading over first.
Wow~ they did this place up like a hotel restroom
If you have the money you can decorate like this I guess
Do you know ?

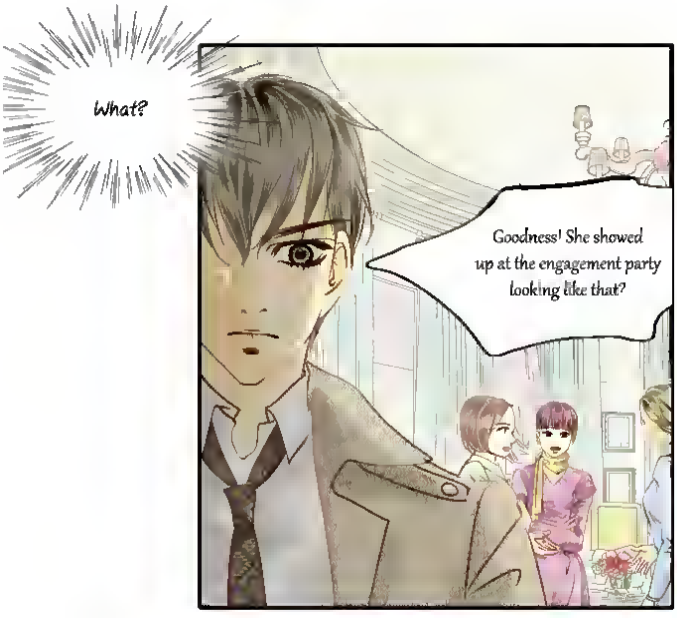
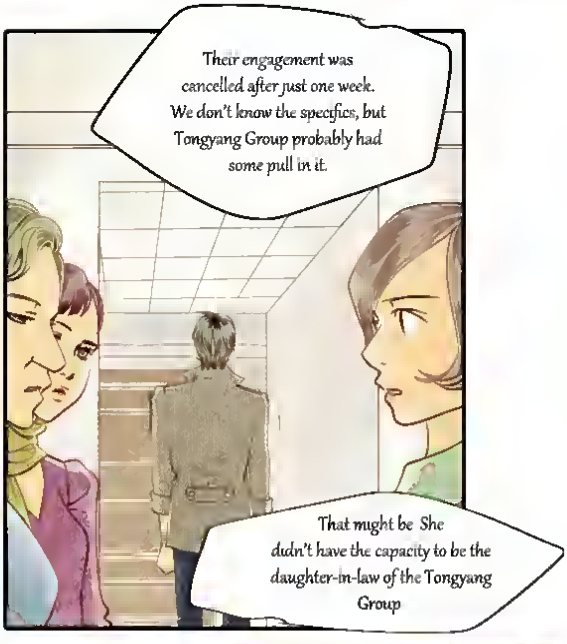
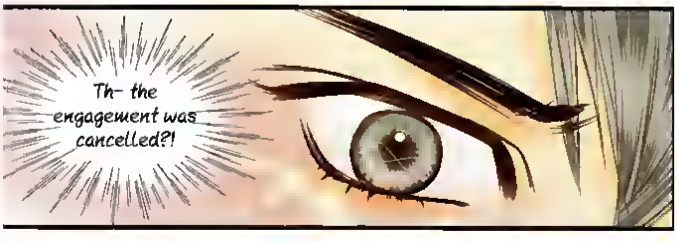
Tongyang Group's Jihyuk and Yoo Dami
cancelled their engagement?
!!



What?
Goodness! She showed up at the engagement party looking like that?

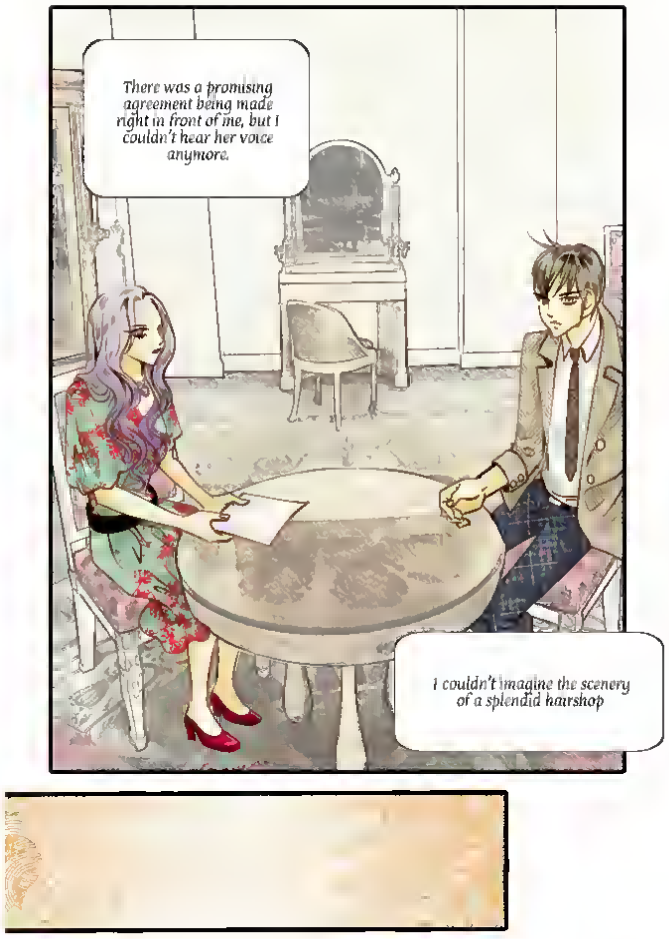


Their engagement was cancelled after just one week. We don't know the specifics, but Tongyang Group probably had some pull in it.
That might be. She dudn't have the capacity to be the daughter-in-law of the Tongyang Group



Th- the engagement was cancelled?!

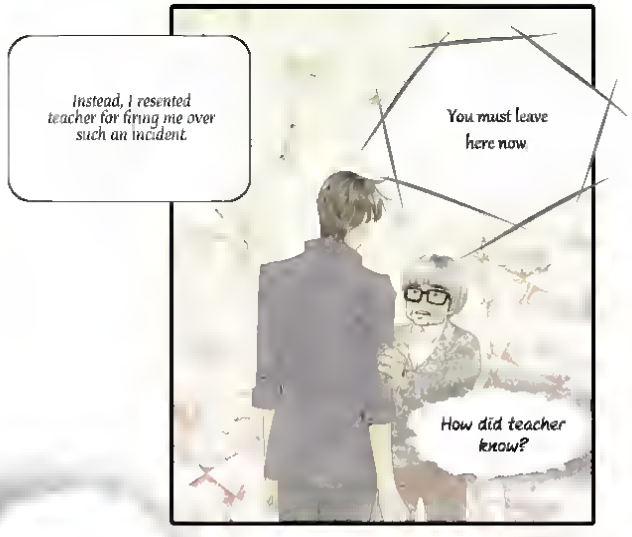
The day of the engagement party, she showed up with short hair. People were gossiping that it was her way of rebelling after hearing Jihyuk was seeing another woman.
Is she crazy? Her hair was fine the day before the party, then she showed up with that style. Tisk-tisk-tisk.
It can't be...
The hairstyle ended the engagement because of my mistake?
My mistake completely changed a woman's life. Is that it?



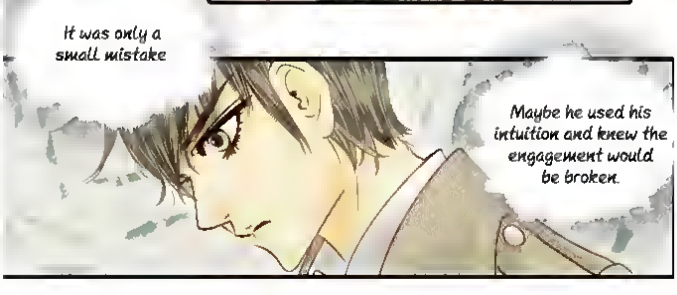
There was a promising agreement being made right in front of me, but I couldn't hear her voice anymore.
I couldn't imagine the scenery of a splendid hairshop

Then think about it until Monday then call, Hyunkang.
I will. I'll be on my way now. Thanks

I thought the customer was happy with it that's why I didn't think it was a mistake.
I didn't accept it as a mistake since I was so caught up in my rationalization of it.



Instead, I resented teacher for firing me over such an incident.
You must leave here now.
How did teacher know?

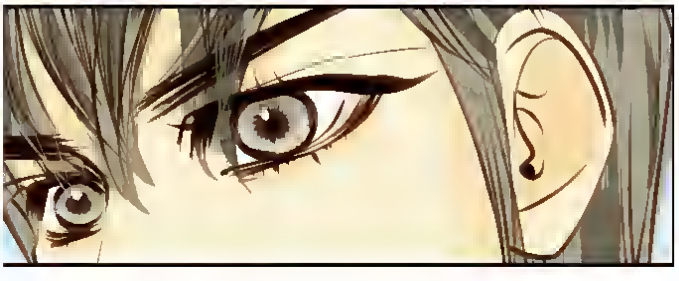


It was only a small mistake
Maybe he used his intuition and knew the engagement would be broken.

어리

Huh wait?

Now I think about it
this is ..

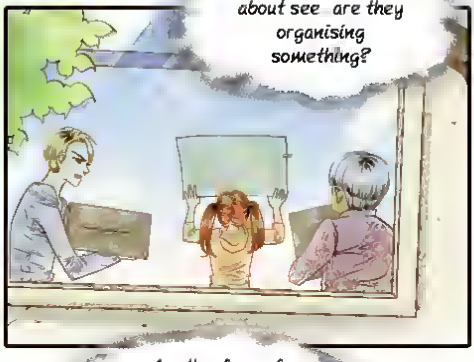


It's this neighbourhood...
where Atelier is!

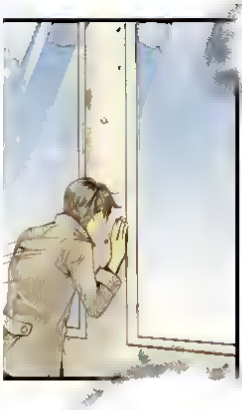
Is the business running?
The sign isn't up yet so maybe not...

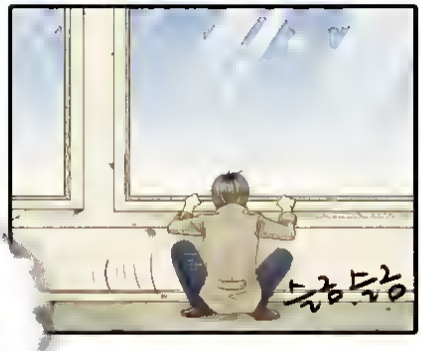
Should I take a closer look.?

Ah. a large sitting area. One side is blocked
Well it doesn't look like there's enough furniture to fill the place.

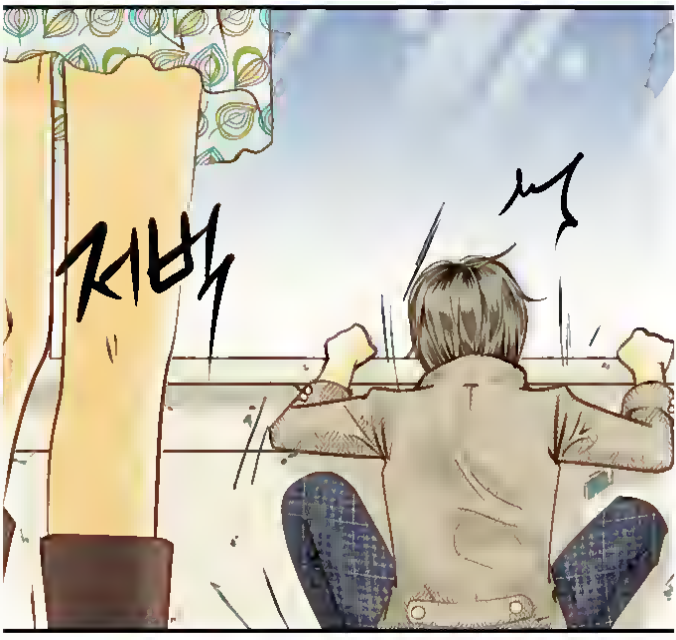


I can just about see are they organising something?





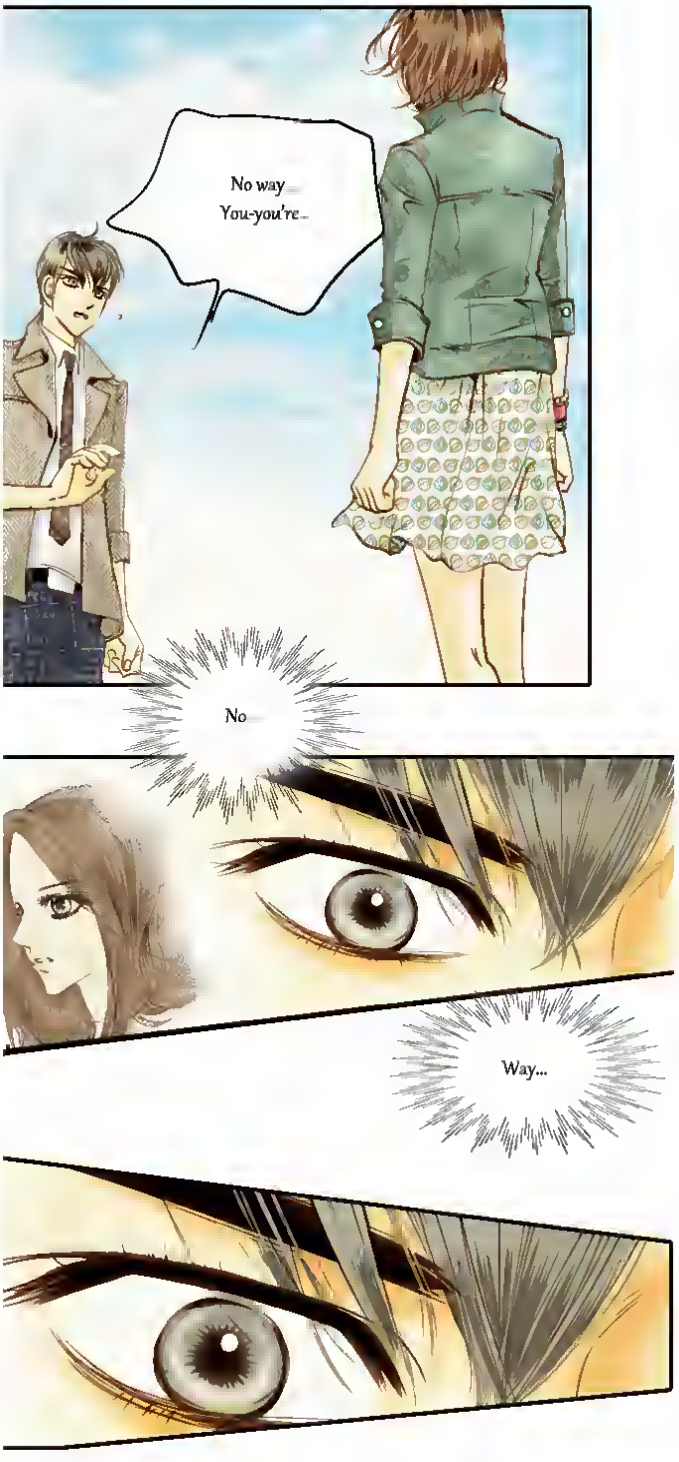
Are the four of them going to run the entire place? I don't see any new staff members
I should crouch, I might get caught



Huck...
Who is it?!
Is it a customer? This is so embarrassing!

Ahaahaa..
I can't seem to find
those gold cuffs
I dropped
Hahaa!
Guess I better
leave it then!

Huh?



No way...
You-you're...
No...
Way...
